Mary Watkins sed. My goodniss, Benny, wy dont you go on the stage?
Maybe I will, heers a imitation of
a train coming into a station, I sed.
And I started to make sounds like
a fast train going slower, and then
I sed, Heers the same train leeving the
same station. And I made sounds like
same station. Courtain a slow train going faster, being allmost as good as the clown imitation and some people mite of thawt it was better,

some peeple mite of thawf it was better,
Mary Witkins saying, Well you certeny
take the cake, wen are you going on
the stage?
Eny day now, I sed. And I started
to get reddy to ask her if she wunted
to take a wawk and jest then who

#### Read Your Character By Digby Phillips

Impatient T-Crossing Among other things that a scientific study of long-distance and face-to-face character indications has revealed is the significance of the manner in which a person crosses his or her "t's" in writing.

It sounds like a far-fetched claim to say that one can tell whether a subfect is impatient or not by the manner in which the crossstroke of the "t" made; yet in ninety-five cases out of a hundred the characteristic holds good. More than this, it is possible to gauge by this means the relative degree of

"T"-crossings in which the stroke starts at the stem of the letter, or per-haps a bare trifle to the left of it, and extends a considerable distance to the right, is an indication of hastiness, of animation, of impulsiveness of the man or woman whose mental processes are geared to high-speed, and whose actions

are even more hasty.

When the cross stroke is entirely to the right of the stem of the letter, when it does not touch it at all, the indication is that of downright impatience and quick temper.

Such cross strokes as these, you will find, generally are found in handwrit-ing which is angular. When it is not you must make some allowance of mod-ification for the indication of im-
